

Mississippi Medical Cannabis Act (DRAFT) Summary (as of 9.24.21)

Section 1 – Title

- Mississippi Medical Cannabis Act

Section 2 – Definitions

*There are quite a few definitions, but a few examples include:

- Allowable amount of cannabis: An amount not to exceed the maximum amount of MMCEUs which is thirty-two (32) MMCEUs in a 30-day period and eight (8) MMCEUs in one (1) day.
- Cardholder: registered qualifying patient or a registered designated caregiver who has been issued and possesses a valid registry ID card.
- Canopy: square footage that a cannabis cultivation facility dedicates to plant production
- Debilitating medical condition: all conditions listed in Initiative 65 plus hepatitis, Alzheimer’s disease, spastic quadriplegia.
 - Chronic pain – a pain state in which the cause of the pain cannot be removed or otherwise treated and which in the generally accepted course of medical practice, no relief or cure of the cause of the pain is possible or none has been found after reasonable efforts by a practitioner.
 - A condition can only be added by the Dept. of Health (MDOH), not by a practitioner.
- Medical cannabis establishments: cannabis cultivation facility, cannabis processing facility, cannabis testing facility, cannabis dispensary, cannabis transportation entity, cannabis disposal entity, or cannabis research facility licensed and registered by the appropriate agency.
- MMCEU: Mississippi Medical Cannabis Equivalency Unit; one (1) unit of MMCEU shall be equal to:
 - 3.5 grams of medical cannabis flower;
 - 1 gram of medical cannabis concentrate; or
 - 100 milligrams of THC infused product.
- Non-resident cardholder: a person who has been diagnosed with a debilitating medical condition by a practitioner from their respective state or territory or is the parent, guardian, conservator, or other person with authority to consent to the medical use of medical cannabis by a person who has been diagnosed with a debilitating medical condition: is not a resident of Mississippi or who has been a resident of Mississippi for less than 45 days and has submitted any documentation required by MDOH rules and regulations and has received confirmation of registration.
- Practitioner: physician, certified nurse practitioner, physician assistant, or optometrist
- Public place: any area to which the general public is invited or in which the general public is permitted, regardless of the ownership of the area, and any area owned or controlled by a municipality, county, state or federal government, including but not limited to streets, sidewalks, or other forms of public transportation. Such term shall not mean a private residential dwelling.

Section 3 – Authorization to use medical cannabis; requirements

- No person shall be authorized to use medical cannabis unless the person:
 - has been diagnosed by a practitioner, with whom that person has a bona fide practitioner-patient relationship, as having a debilitating medical condition;
 - has received a written certification of that diagnosis from the practitioner; and
 - has been issued a registry ID card from the MDOH.
- Requirements of written certification: (i.e. must be made in the course of a bona fide practitioner-patient relationship; remains current for twelve (12) months; can only be issued after an in-person assessment of the patient by a practitioner; can only be issued on behalf of a minor when the minor’s parent or guardian is present and provides signed consent; limited to the allowable amount of cannabis in a 30-day period.)

- Follow-up visit: Patient shall be required to make a follow-up visit with the practitioner not less than six (6) months after the date of issuance of the certification.
- Verifying identity of cardholder: Dispensary shall verify identity of cardholder and determine the amount of cannabis that the cardholder has received from all dispensaries using seed-to-sale system.
- Training requirements of practitioners: minimum of eight (8) hours of continuing education in order to issue written certifications; after the first year of registration, practitioners shall complete five (5) hours of continuing education.

Section 4 - General responsibilities of departments

- MDAC: cultivators / processors / transporters / disposal
 - o Responsible for licensing and oversight of cannabis cultivation facilities, cannabis-cultivation processing facilities, entities that transport medical cannabis, and entities that dispose of or destroy medical cannabis.
 - o The MDAC may contract with other governmental agencies and public or private third parties to assist the MDAC with carrying out any of its powers and duties under this chapter. However, the MDAC shall be ultimately responsible for the performance of its powers and duties under this chapter that are exercised by any agency or third party with which the MDAC has contracted under the authority of this subsection.
- MDOH: testing / research / ID cards to patients / registering practitioners
 - o Responsible for licensing and oversight of cannabis testing facilities and cannabis research facilities
 - o Responsible for licensing process for medical cannabis registry ID cards for patients
 - o Responsible for registering practitioners
 - o MDOH shall have ultimate authority for oversight of the administration of the medical cannabis program and shall coordinate activities of MDOH, MDAC, and MDOR.
- MDOR: dispensaries / tax collection
 - o Responsible for licensing, inspection, and oversight of medical cannabis dispensaries
- Not later than ninety (90) days after effective date of act: MDOH shall begin accepting applications, registering and licensing ID cards and practitioners.
- Ninety (90) days after passage: MDOH and MDAC shall begin licensing and registering medical cannabis establishments (cultivators, processors, transporters, disposal entities, research, testing).
- One-hundred twenty (120) days after passage: MDOR shall begin licensing and registering dispensaries.
- Intent of Legislature: MDOH, MDAC, MDOR, Dept. of Public Safety, and any other state agency should cooperate and collaborate together.

Section 5 – Protections for medical use of cannabis

- Presumption that a registered qualifying patient or caregiver is engaged in the medical use of medical cannabis. The presumption may be rebutted by evidence that conduct was not for the purpose of treating or alleviating a patient’s debilitating medical condition or symptoms.
- The following activities related to medical cannabis shall be considered lawful: a few examples include:
 - o Purchase, transportation, possession of up to the allowable amount, or medical use of, medical cannabis
 - o Reimbursement by a patient to the patient’s caregiver for direct costs incurred by the caregiver for assisting the patient’s medical use of medical cannabis
 - o Compensating a dispensary for goods or services provided
 - o Providing or selling equipment used to ingest medical cannabis to a cardholder
 - o Acting as a designated caregiver to assist a registered qualifying patient with the act of using or administering cannabis
 - o Certain activities by medical cannabis establishments

- Seizure and forfeiture – medical cannabis, its products, equipment shall not be seized or forfeited, but this chapter shall not prevent seizure and forfeiture of medical cannabis exceeding the allowable amount or if the basis for the action is unrelated to the medical cannabis that is possessed, processed, transferred, or used pursuant to this chapter.
- No law enforcement officer shall expend any state or local resources to effect any arrest or seizure of medical cannabis, or conduct any investigation, on the sole basis of activity that the officer believes to constitute a violation of federal law if the officer has reason to believe that such activity is in compliance with this chapter.
- Public policy of the state- contracts should be enforceable.
- An applicant for a professional or occupational license should not be denied a license based on previous employment related to medical cannabis activities.

Section 6 – Seed-To-Sale Tracking System

- all medical cannabis establishments are required to use the system certified by MDAC and MDOH.
- Banks may be allowed to have limited access to the seed-to-sale tracking system.

Seed-to-Sale Tracking System

Seed/immature plant stage
→ medical cannabis purchased / destroyed

- Each medical cannabis establishment shall use a statewide seed-to-sale tracking system.
- Records entered into the system shall include each day's:

Beginning inventory	Remediations
Harvests	Disposals
Acquisitions	Transfers
Sales	Ending inventory
Disbursements	Any other data necessary for inventory control records
- Amounts of medical cannabis shall be recorded in the following manner:
 - Dried, unprocessed cannabis → ounces or grams
 - Concentrates → grams
 - Infused products → milligrams of THC

Section 7 – Limitations

- This section shall not be construed to do any of the following:
 - o Require an organization for managed care, health benefit plan, private health insurer, government medical assistance program, employer, property and casualty, or workers' compensation insurer or self-insured group providing coverage for a medical, pharmacy or health care service to pay for or reimburse any other individual or entity for costs associated with the medical use of cannabis;
 - o Require any employer to permit, accommodate, or allow the medical use of medical cannabis, or to modify any job or working conditions of any employee who engages in the medical use of medical cannabis or for any reason seeks to engage in the medical use of medical cannabis;
 - o Prohibit any employer from refusing to hire, discharging, disciplining, or otherwise taking an adverse employment action against an individual with respect to hiring, discharging, tenure, terms, conditions, or privileges of employment as a result, in whole or in part, of that individual's medical use of medical cannabis, regardless of the individual's impairment or lack of impairment resulting from the medical use of medical cannabis;
 - o Prohibit or limit the ability of any employer from establishing or enforcing a drug testing policy;

- Interfere with, impair, or impede, any federal restrictions or requirements on employment or contracting, including, but not limited to, regulations adopted by the United States Department of Transportation in Title 49, Code of Federal Regulations;
 - Permit, authorize, or establish any individual's right to commence or undertake any legal action against an employer for refusing to hire, discharging, disciplining, or otherwise taking an adverse employment action against an individual with respect to hiring, discharging, tenure, terms, conditions, or privileges of employment due to the individual's medical use of medical cannabis;
 - Affect, alter, or otherwise impact the workers' compensation premium discount available to employers who establish a drug-free workplace program in accordance with Section 71-3-201 et seq.;
 - Affect, alter, or otherwise impact an employer's right to deny, or establish legal defenses to, the payment of workers' compensation benefits to an employee on the basis of a positive drug test or refusal to submit to or cooperate with a drug test, as provided under Section 71-3-7 and Section 71-3-121; or
 - Affect, alter, or supersede any obligation or condition imposed on a parolee, probationer, or an individual participating in a pretrial diversion program or other court-ordered substance abuse rehabilitation program.
- This chapter does not authorize any individual to engage in, and this chapter does not prevent the imposition of any penalties for engaging in the following conduct:
- Acting with negligence, gross negligence, recklessness, in breach of any applicable professional or occupational standard of care, or to effect an intentional wrong, as a result, in whole or in part, of that individual's medical use of cannabis;
 - Possessing medical cannabis or otherwise engaging in the medical use of medical cannabis in any correctional facility, unless the correctional facility has elected to allow the cardholder to use medical cannabis;
 - Smoking medical cannabis in a public place;
 - Operating, navigating, or being in actual physical control of any motor vehicle, aircraft, train, motorboat, or other conveyance in a manner that would violate Section 59-23-7 (boating under the influence), Section 63-11-30 (driving under the influence) or federal law as a result, in whole or in part, of that individual's use of medical cannabis;
 - Possessing medical cannabis in excess of the allowable amount of cannabis;
 - Consumption, by a registered designated caregiver, of cannabis provided for use to a registered qualified patient.

Section 8 – Discrimination prohibited

- A person cannot be denied custody or visitation rights or parenting time with a minor solely for the person's status as a cardholder
- No school, landlord, or employer may be penalized or denied any benefit under state law for enrolling, leasing to, or employing a cardholder.
- Shall not be denied the right to own, purchase or possess a firearm.
- Facilities such as schools and daycares shall be allowed to administer medical cannabis as in the same manner with prescriptions.
- Nothing in this act shall be construed as to create a private right of action by an employee against an employer.
- Nothing in this act shall be construed to affect the existing legal relationship between and employer and employee or any existing law or regulation relating to such relationship.

Section 9 – Addition of debilitating medical conditions

- Any resident of Mississippi can petition the MDOH to add serious medical conditions or their treatments to the list of debilitating medical conditions.

Section 10 – Acts not required and acts not prohibited

- Private insurers and government medical assistance (i.e. Medicaid) are not required to reimburse a person for costs associated with medical use of cannabis.
- Employers can discipline an employee for ingesting cannabis in the workplace or for working while under the influence.
- Any person or establishment that is in lawful possession of property may allow a guest, client, customer or other visitor to use cannabis on or in that property.
- A landlord may but shall not be required to allow the lawful cultivation, processing, testing, research, sale or use of medical cannabis on rental property as authorized under this chapter.

Section 11 – Facility restrictions

- Allows facilities (i.e. nursing facility, hospital, hospice, assisted living facilities, personal care home, adult day care facility or adult foster care facility) to adopt restrictions on the use of cannabis by their residents.

Section 12 – Issuance and denial of registry identification cards

- No later than sixty (60) days after passage, MDOH shall begin issuing ID cards to qualifying patients who submit various required information: (i.e. medical records indicating diagnosis of a debilitating medical condition or a written certification from a practitioner; background check)

Section 13 – Registry identification cards

- Sets forth specific information that registry ID cards must contain (i.e. name; designation if cardholder is a patient, caregiver, or nonresident; date of issuance and expiration; random 10-digit ID number; a photo of the cardholder; phone number; address; notice of harm; notice of MMCEU daily, monthly and possession limit)
 - *ID expiration date shall be visible on the card
 - *Non-resident ID cards shall expire 15 days after date of issuance

Section 14 – Annual Reports

- Requires annual reports (to the Speaker, Lt. Governor, Chairmen of House/Senate Public Health, Drug Policy and Appropriation Committees) on the number of applications for registry ID cards received, number of qualifying patients and caregivers, number of registry ID cards revoked, amount of fees and fines collected, any changes to fee schedule, any addition to the list of debilitating medical conditions. DOR shall report on the number of each type of medical cannabis establishments that is registered, expenses incurred, and revenue generated.

Section 15 – Verification system

- MDOH shall maintain a confidential list of persons who have been issued registry ID cards. Sets forth information that is required to be collected. All records kept in this system shall be confidential and exempt from the Mississippi Public Records Act.

Section 16 – Notifications to department and responses

- Various notifications and MDOH responses are required (i.e. If cardholder changes his/her name or address; if a cardholder ceases to have a debilitating medical condition; if a cardholder loses his/her card;)
